

## **PUCO accepts results of FirstEnergy auction**

COLUMBUS, OHIO (Oct. 11, 2017) – The Public Utilities Commission of Ohio (PUCO) today accepted the results of FirstEnergy’s wholesale auction that will ultimately determine its standard service offer through May 2021.

The auction, held on Oct. 10, 2017 secured both two and three-year products to supply electricity to FirstEnergy’s Ohio utility customers.

The two-year product auction resulted in six winning bidders and an average clearing price of \$48.18 per megawatt hour (MWh) for the delivery period of June 2018 to May 2020.

The three-year product auction resulted in three winning bidders and an average clearing price of \$46.09 per MWh for the delivery period of June 2018 to May 2021.

The results will be blended with previous and future auctions to establish a price-to-compare for FirstEnergy’s Ohio customers during the delivery period.

CRA International served as the independent auction manager, and Bates White Economic Consulting, a consultant retained by the PUCO, monitored the auction process. The names of the winning bidders will remain confidential for 21 days.

Customers continue to have the opportunity to consider competitive options to meet their electricity needs, including shopping for an alternate supplier or joining a local government aggregation group. More information about how to choose a supplier is available at [www.energychoice.ohio.gov](http://www.energychoice.ohio.gov). The PUCO’s *Apples to Apples* comparison charts provide customers with a snapshot comparison of current electric supplier offers and contract terms. The charts are updated daily.

A copy of today's Commission finding and order and redacted version of the report issued by the auction manager are available at [www.PUCO.ohio.gov](http://www.PUCO.ohio.gov). Click on the link to Docketing Information System and enter the case number [16-776-EL-UNC](#).
